EclipseSupport Plugin

Description

Provides better tooling integration with Eclipse. At the moment there is a single script that keeps Eclipse's classpath file up to date.

Installation

The current version of **griffon-eclipse-support-plugin** is **0.4.9**
To install just issue the following command

```
griffon install-plugin eclipse-support
```

Usage

This plugin provides a single script which is automatically called whenever a plugin is installed or uninstalled. If you add/remove a library from $appHome/lib then you must manually run the script.

Configuration

Make sure to define the following classpath variables in Eclipse

- **USER_HOME** pointing to `$USER_HOME` (your user's home directory)
- **GRIFFON_HOME** pointing to `$GRIFFON_HOME` (the location where Griffon is installed)

otherwise Eclipse will complain that the jars cannot be located.

All source directories available under `griffon-app` and `src` will be automatically configured by the plugin. However, should you require additional source directories to be included you can do so by specifying a list of directories **relative** to the application's location. Add this settings to either `BuildConfig.groovy` or `$GRIFFON_HOME/settings.groovy`

```
eclipse.classpath.include = ['gen-src',
'../app2/src']
```

Scripts

- **eclipse-update** - re-generates the contents of the .classpath file.

History

Version	Date	Notes

0.4.9	12-02-11	Fixes GRIFFON-436
0.4.8	10-21-11	Fixes GRIFFON-424
0.4.7	05-20-11	Fix a regexp problem on Windows platforms
0.4.6	05-20-11	Fix a regexp problem on Windows platforms
0.4.5	05-19-11	Fix a regexp problem on Windows platforms
0.4.4	05-19-11	Fix selection of kind = var | lib
0.4.3	04-15-11	Remove dependency on IVY2_CACHE env variable
0.4.2	04-06-11	Fixed GRIFFON-351 and GRIFFON-356
0.4.1	03-11-11	Fixed GRIFFON-180 (more tweaks)
0.4	02-15-11	Release sync with Griffon 0.9.2
0.3.1	10-10-10	Fixed GRIFFON-251
0.3	07-22-10	Release sync with Griffon 0.9
0.2.1	06-05-10	Fixed GRIFFON-203
0.2	05-30-10	Fixed GRIFFON-180
0.1	05-07-10	Initial release
