

# Google Summer of Code students, 2010

Three students will be working on Jikes RVM as part of the 2010 Google Summer of Code. They are:

1. **Laurence Hellyer**, University of Kent, On-the-fly copying GC. Mentors: Eliot Moss, Daniel Frampton and Richard Jones.
1. **Michael Gendelman**, Tel Aviv University, Implementing the Compressor. Mentors: Steve Blackburn and Richard Jones
1. **Ashwani Rao**, University of Delaware, Improved Register Allocator for x86 and x86\_64. Mentors: Tony Hosking, John Cavazos and Eliot Moss.

Laurence, Michael, Ashwani: welcome to the team. We are all looking forward to working with you and seeing the end product of your efforts.
