

# Japanese Using Other Testing Frameworks

## Using Other Java Testing Frameworks

Sometimes you may wish to consider complementing Groovy's built-in capabilities with one or more of the following frameworks:

- [Japanese Using EasyMock with Groovy](#)
- [Japanese Using Instinct with Groovy](#)
- [Japanese Using JBehave with Groovy](#)
- [Japanese Using JDummy with Groovy](#)
- [Japanese Using JMockit with Groovy](#)
- [Japanese Using JMock with Groovy](#)
- [Japanese Using Popper with Groovy](#)
- [Japanese Using RMock with Groovy](#)
- [Japanese Using TestNG with Groovy](#)
